Over 100 people have died and thousands more have been affected by flooding after days of torrential rain in the western Indian State of Gujarat.

Most of the victims died after being washed away or buried in mudslides after dams overflowed, or were crushed when buildings collapsed.

The most affected Districts are: Vadodara, Kheda, Anand, Surat, Valsad, Navsari, Bharuch, Surendranagar, Dangs, Ahmedabad, Amreli, Bhavnagar, Junagadh, Rajkot, Narmada, Jamnagar, Gandhinagar and Sabarkantha. The situation is likely to worsen with more rain forecast in the next few weeks.

Our Aid workers have responded immediately to this disaster. Hundreds of volunteers have been mobilised in the affected areas to provide essential relief and assistance to the victims of these devastating floods.

There is an urgent need to distribute food packets, fresh water, clothes, medication and to provide temporary shelter for the victims.

Sewa International UK is working with the reputable NGOs - Sewa International Delhi together with Sewa Bharati Gujarat in India to help these unfortunate victims. **We urgently need your financial support to help distribute vital supplies to the people across the affected region.**
